Florida Vacation!

In March we took our first family vacation since Connor was born. Our trip took us to Cape Coral Florida. The weather was perfect and the boys loved playing in the gulf. We hope to go back to Florida again someday.

Camping Fun with Cousins!

Over Memorial Day weekend we went up North to go camping with Katie's Family. We got to sleep in a camper and play at a park. The boys loved being able to play outside all day and play with their cousins. We can't wait to go camping again!

David Starts Kindergarten!

The biggest news of the year was that David started Kindergarten. We started at a private school, and then transferred to the public school. He loves kindergarten and his favorite subjects are Gym and Math. He loves to ride the bus and even though we had to switch, we keep in touch with all his friends. We are still hoping to send him back to the other school for 1st grade.

Volume 4, Issue 4

In the Next Issue:

- ☺ David is 6
- ☺ Connor's 3rd Birthday
- ☺ Easter

David

Height 40 inches

Weight 39lbs.

Connor:

Height: 33 inches

Weight: 25 lbs. 3 oz.

Merry Christmas

As the year draws to a close, we wish all our family and friends a wonderful Christmas and a great new year! Hope everyone enjoys their time with family and friends.

David's Update

David has had a busy year. He has become a fan of the Back to the Future movies and now loves to watch Marty and Doc. In August he went to comic con and was able to meet and get his picture taken with Doc Brown, or Christopher Lloyd. He also still has a love for Ghostbusters and loves to still dress up as a Ghostbuster.

He is starting to become more independent and loves to do things on his own. Hard to believe he will be six in March!

Connor's Update

Our big two year old has seen a lot of changes this year. In May he started staying with our babysitter, Kelli, two days a week while Katie started College classes. He then went to a friends house two days a week, while still having one day with Kelli through the fall.

He is learning how to play with new friends but is still having troubles

with gaining weight. He has not grown much weight wise, but his height is staying steady in the 5th percentile.

He loves to talk and try to say so many new words. His favorite things are his teddy bear bobo and daddy. Next year he will start a preschool class two morning a week while Katie finishes her degree.

Best Buddies and Brothers

I love all the pictures of the boys together. They love to play with each other and David is always trying to include Connor in everything he does. It is so neat watching them play together knowing they each have a playmate for life. I hope they keep their brotherly love forever!
