David Graduated High School!!!

In May David graduated from High School. He was even able to move up from a Porter to a Lube Technician due to taking classes at Tech Campus. Currently he is working towards his Mechanic Certificate at the local community college and wants to also pursue working on Diesel Engines. He is hoping to be able to get his certification for a Mechanic by December of 2026.

Connor is a Sophomore

Connor is currently in his second year at Carmel Catholic High School. He loved playing center and right guard for football and even was asked to play up at the Varsity level. Connor is also big into volunteering and works a lot at church as an alter server and helping out. In May of 2025 he will also receive his confirmation.

The Loss of an amazing Mom, and Nana

On Mother's Day this year, Dana passed away. She was always stubborn and wanted to do things on her own time, and in her own way. We have always been a tight group the five of us, and Dana was the one who held us all together. Dana made a bigger impact on all of us than she realized, and we will all miss her. We know she is happy however now that she is reunited with Dad and Papa in heaven.

Nashville/Memphis

David has always loved Guitars and Music, so for his 18th Birthday we decided he deserved a trip! He choose Memphis/Nashville. We explored downtown Memphis, Saw the Ducks march at the Peabody hotel and then went to the Gaylord Hotel in Nashville. Nashville saw us visiting The Country Music Hall of Fame, the Grand Ol Opry, and finding a fun game show game at the mall, which we ended up playing three times! We enjoyed the experience together and hope to do something similar again soon.

San Francisco Vacation

We have never taken a Vacation with the kids before, and this past year we pulled out all the stops for an epic Hart Christmas Family Vacation! We started with a 7 a.m. flight to San Francisco complete with a limo ride to the Airport. Arriving in San Francisco we got our rental car and found our hotel. We spent a day sight seeing by the Wharf on Christmas Eve along with a trip to Alcatraz Island! Christmas Eve dinner was at In and Out burger. On Christmas Day we took a trip to the San Francisco 49er's Stadium for a Christmas Day football game! They may have lost but we had so much fun looking at the hall of fame, and doing the Red Zone Rally before the game!

Universal Studios

I wasn't kidding when I said this was a big vacation. After San Francisco, we spent two nights and three days at Universal Studios. The high lights where the back lot tour, being able to get in early and check out Mario Land, battling it out at Mario Kart and of course seeing downtown Universal Studios. Mike and I even got a chance to go back without the kids and have a little date night, and the fun didn't stop their, because after Universal we went to Disney Lane!

Disney Land

We spent three nights and four days at Disney Land California. Again this was NOT a small trip, so we enjoyed the time. Highlights where making light sabers, the star wars rides, meeting different characters and downtown Disney. The food there is amazing and it was so neat seeing it decorated for Christmas! Not to mention the fireworks, and spending New Years Eve in the happiest place on earth.

Warner Bros. Studio Tour

To end this trip, we had a Warner Bros. Studio Tour complete with a nice lunch! Some high lights where seeing a few celebrities going by on their bikes between lots, seeing where the Jurassic Park Scene in the Jeep took place, and seeing some of the many props and costumes they use! The different shows/movies have to actually check things out similar to a library!
